SUBJECT: Completion of the Environmental Protection Implementation Plan

TO: John M. Kersh, Associate General Manager
Environmental Restoration & Waste Management
Rocky Flats, Inc.

As you are aware the Environmental Protection Implementation Plan is required by the U.S. Department of Energy Order 5400.1 to be completed by November 9 of each year. As you are also aware, the 1989-1990 plan was drafted under Rockwell International Management and was never finalized. In order to meet the deadline for the 1990-1991 plan we must initiate work very soon.

Please have your organizational unit responsible for the preparation of this plan contact my staff to discuss any problems or concerns associated with completion of this plan. We would like to set up an initial meeting during the week of September 3-7, 1990, for discussions.

To confirm a date or if there are any questions, please feel free to contact me or have your staff contact Tom Lukow of my staff at extension 4561.
